

BUILD A WEBSITE TODAY WITH AI

From a mood board to a live website in
one day. No coding experience needed.

A SHORT COURSE BY IAN RAMÍREZ RIVERA · INVEST PUERTO RICO

CHLOÉ

Boo! Don't worry, the only
scary part today is how fast
this goes.

A REAL WEBSITE WITH YOUR NAME ON IT

Pick a project you care about: a side business, a portfolio, a community group. Today it gets a home on the internet.

TRY THIS

Write down one small website idea. Right now.

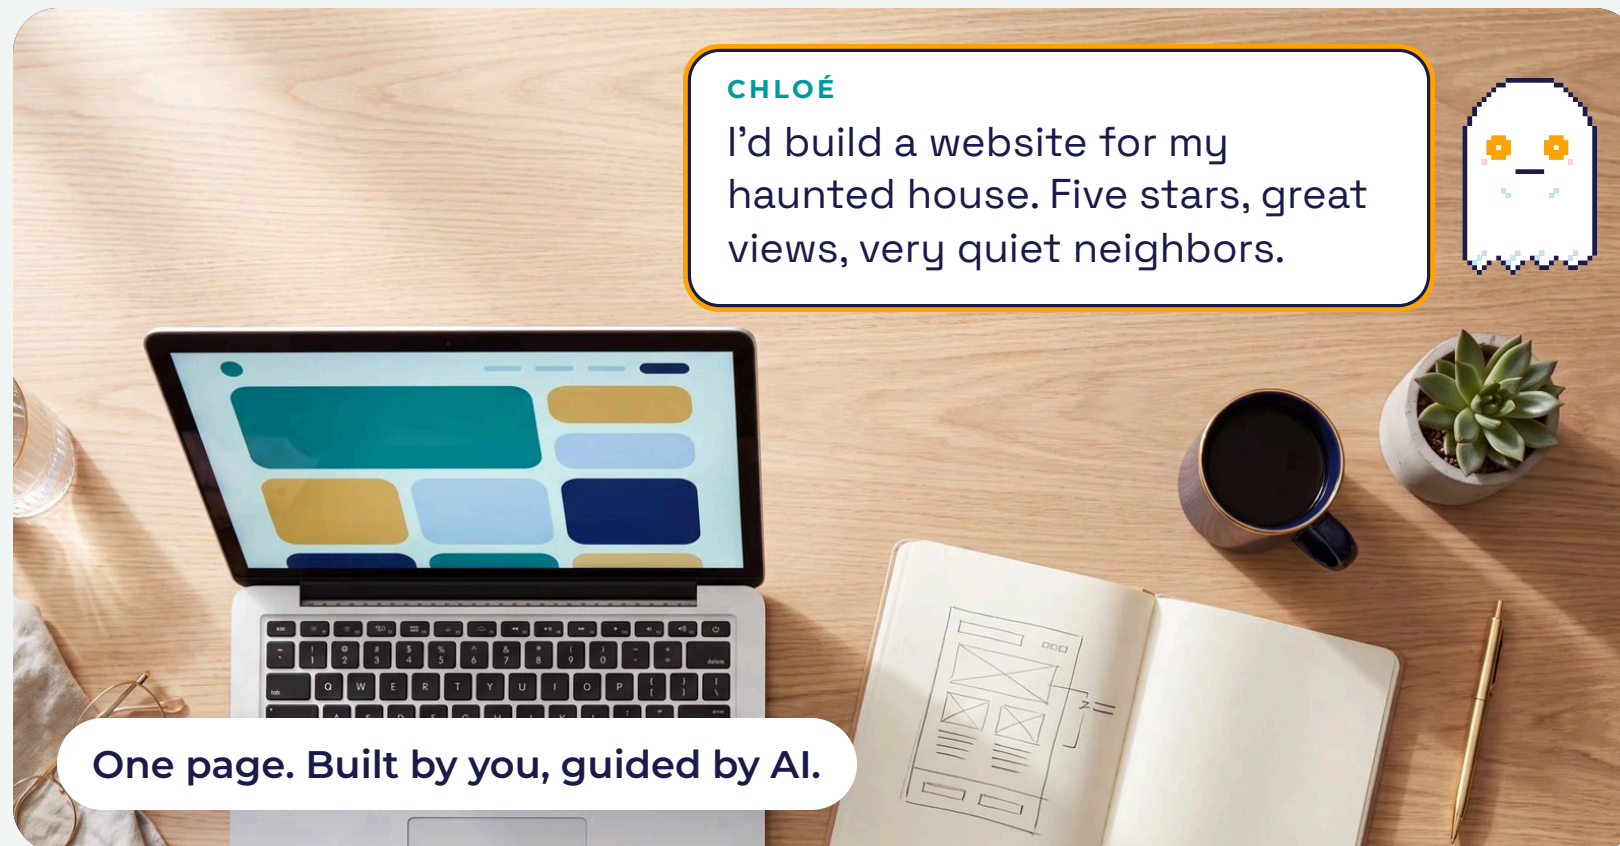

IDEAS THAT WORK

CHLOÉ

I'd build a website for my haunted house. Five stars, great views, very quiet neighbors.

One page. Built by you, guided by AI.

CHLOÉ

Collect, prompt, build, ship. Or
as ghosts say: haunt, taunt,
flaunt, jaunt.

\$0 to host

CHLOÉ

Collect first. I'm a
professional hoarder.

COLLECT

Images, animations, colors and your section
order. Four places to look, one folder to fill.

STEP
01

FIND INSPIRATION IMAGES

Search for sites like yours.
Screenshot the looks you love.

STEP
02

FIND INSPIRATION ANIMATIONS

Free animated website pieces.
Save links to one or two you love.

originkit.dev ↗

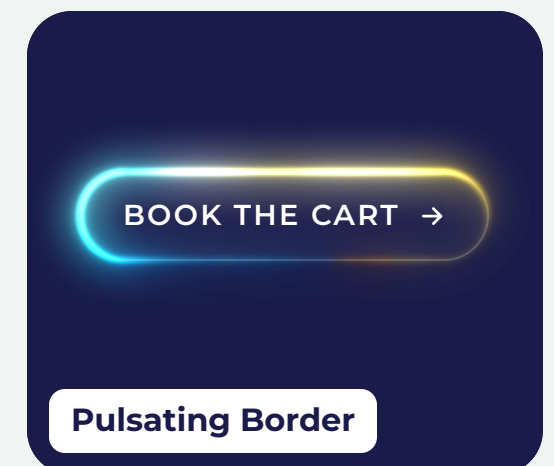

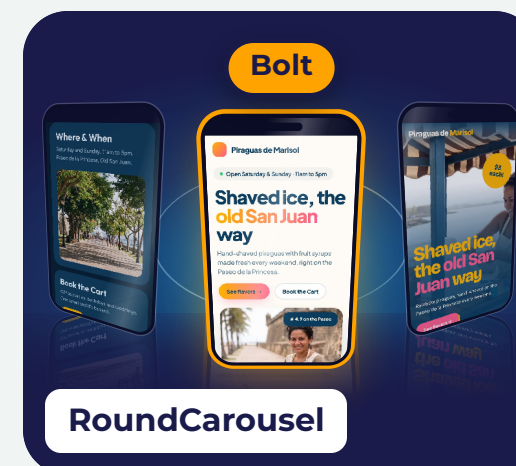

TRY THIS

Save one link. Note its
section: 'Hero'.

1-2

animations per site is plenty

e.g. Hero → fade-up headline

STEP
03

PICK A COLOR PALETTE

Four-color palettes that already work together. Pick one, copy the codes.

colorhunt.co ↗

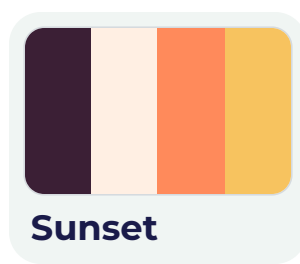

TRY THIS

Copy one palette's four codes.

into one very clear wish.

PROMPT

Turn everything you collected
into one clear design spec.

STEP
05

MASH IT INTO ONE DESIGN SPEC

Take what you like from every piece
and describe it in one prompt.

TRY THIS

Next: write what your site is for,
in one line.

CHLOÉ

Fill-in-the-blanks: my favorite game after hide-and-seek. I always win hide-and-seek.

STEP
06

LET BOLT.NEW ENHANCE YOUR PROMPT

One button turns your rough notes into a detailed design spec.

bolt.new ↗

TRY THIS

Paste, click + then Enhance prompt.

bolt.new

What do you want to build?

Build: a one-page static site for Piraguas de Marisol, a weekend piragua cart in Old San Juan.

Sections: Navbar, Hero, Flavors with prices, Where & When, Book the Cart, Kind Words, Footer.

Style: tropical, fresh and playful. Ocean blue, coconut cream, parcha yellow.

Hero: big piragua photo, fade-up headline, a “See flavors” button.

Details: mobile-friendly, fast and accessible. Booking button emails the business.

Bonus: Bolt builds draft #1. Keep it.

CHLOÉ

This is the part where the AIs do the heavy lifting. My favorite.

BUILD

Five drafts, one favorite, polished with Claude on your own computer.

STEP

VS

Same prompt, two models

CHLOÉ

Two models enter, two websites leave.
Everybody wins.

2 drafts from one prompt

STEP
07

GOOGLE STITCH, IN LIGHT AND DARK

Paste the same prompt into Google Stitch, then ask for a dark version.

stitch.withgoogle.com ↗

TRY THIS

Generate one design, then ask for dark.

THEN ASK STITCH

“Make a second version of this design with a dark theme. Keep the same sections, layout and content, and adjust the colors so the text stays easy to read.”

CHLOÉ

Stitch? I know stitches. I’m basically a bedsheet. And yes, I look great in dark mode.

STEP
08

PICK. DOWNLOAD.

Pick the one that feels most like you, then download its code.

Look for **Download**, **Export** or **Code**.

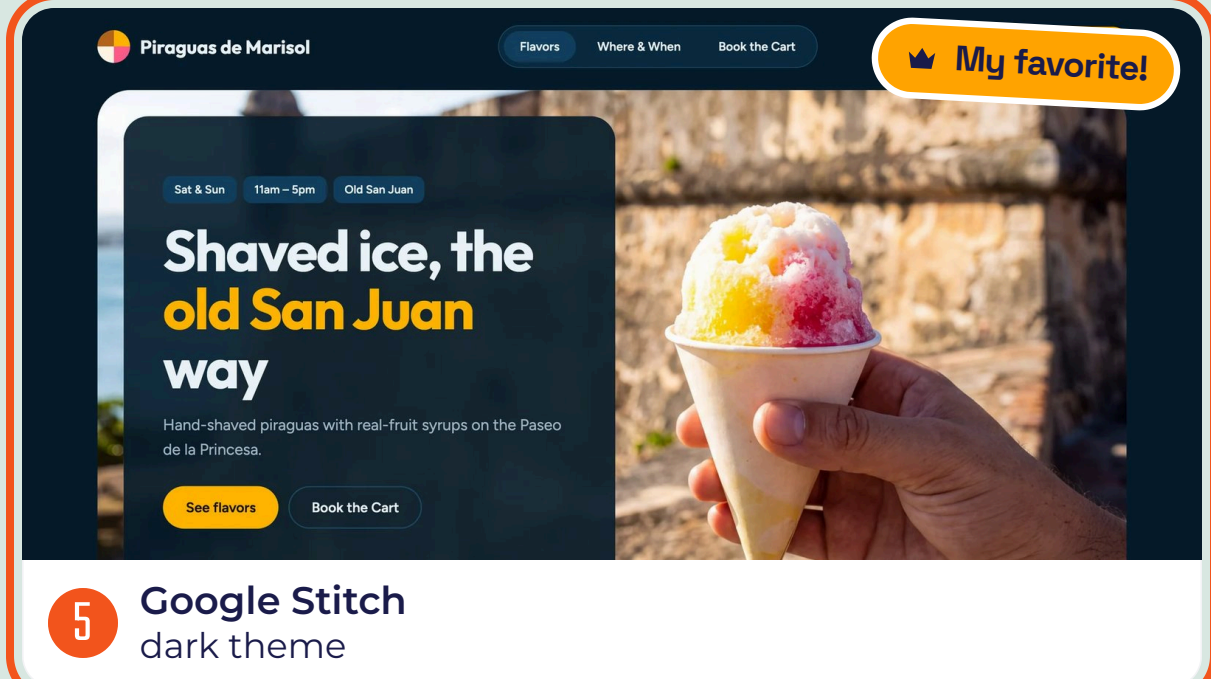

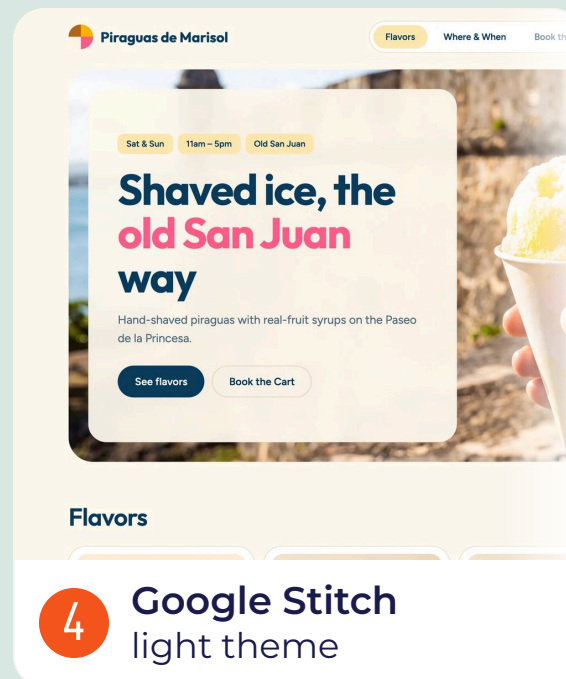

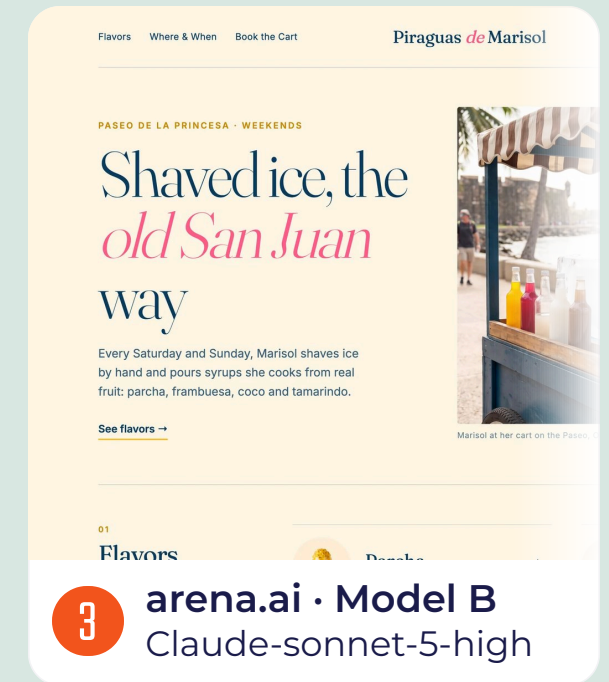

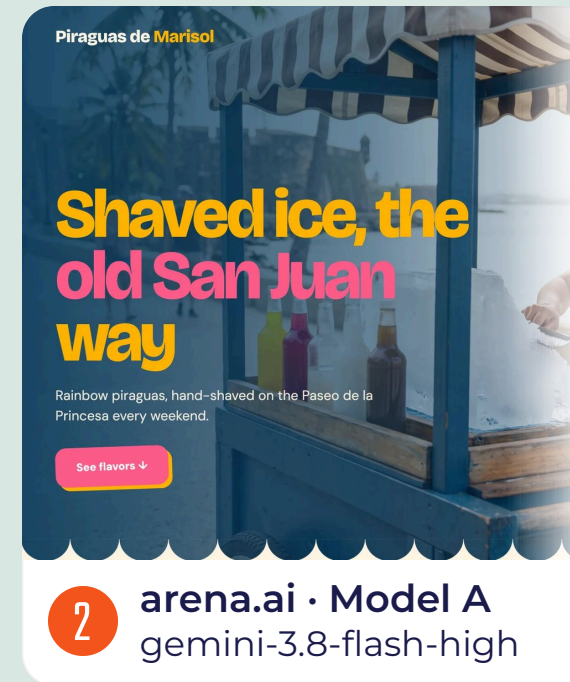

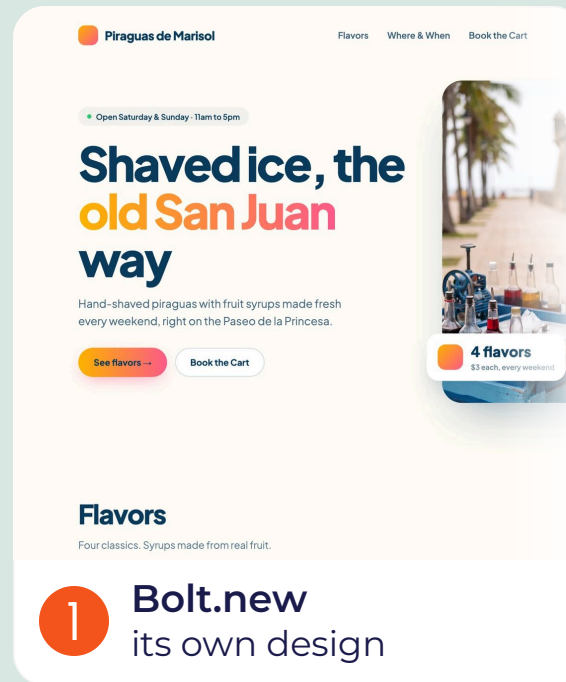

TRY THIS

Save it in the 'My Website' folder you created earlier.

5 drafts in.
1 favorite out.

CHLOÉ

Choosing a favorite is hard. I choose all of them, then haunt the rest.

STEP
09

OPEN IT IN CLAUDE

A patient helper that edits your site with you, section by section.

claude.ai ↗

TRY THIS

Open 'My Website' in Claude.

THREE CLICKS

1

OPEN

the Claude desktop app
(recommended) or claude.ai

2

CLICK

the **Code** tab

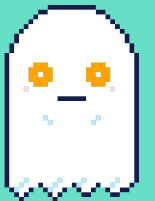

3

CHOOSE

the folder My Website

CHLOÉ

Claude is super patient. More patient than me waiting for Halloween.

Stuck? Ask Claude: "Help me open this folder."

YOU

Open my 'My Website' folder.

CLAUDE

Done. Your preview is open.

YOU

Make the Hero bigger, please.

CLAUDE

Changed it. Want to keep it?

STEP
10

SAY THIS TO CLAUDE, WORD FOR WORD

It tells Claude you are new, what the file is, and how to guide you.

- 1 Tells Claude you are new
- 2 Says what the file is
- 3 Asks it to guide you

TRY THIS

Copy it. Paste it into Claude. Enter.

● ● ● STARTER PROMPT **copy exactly**

① This is my first time creating a website. Help me polish and finish the website design. ② I downloaded this from an online tool and would like to work on it locally until we have a final version. Familiarize yourself with the file, open it for me locally so I can see the changes, and let's work section by section from top to bottom, including the elements and anchor links. This is a single page website, static. ③ Guide me through all this process.
